Hi Anthony

Here are a few comments on portions of the mid-year reports that cover areas assigned to me.

I was asked to review the section on the air monitors in North Denver, and am not sure who in the Air Program is working on that issue as it's not one that I have worked on in recent years. If there is someone I can work with in responding to my comments, happy to do that, just let me know.

Let me know if you have questions or need anything else from me.

Thanks
Sara

P.S. You have my vote for using max.gov the next round of these!
